

# OFFICIAL CHAMPIONSHIP EVENTS

The core disciplines that make up the Frontier Rodeo Championship season.

FRC is built as a full professional-style rodeo circuit. Each discipline has its own championship standings, event winners and season-long points race, while the headline events receive the strongest broadcast and social-media focus.

## 01 BULL RIDING — HEADLINE

The flagship FRC event. Riders must stay aboard a bucking bull for eight seconds. Qualified rides are scored out of 100, combining rider performance and the difficulty of the bull.

## 02 SADDLE BRONC RIDING — HEADLINE

A classic rodeo discipline built around balance, rhythm and control. Riders use a regulation saddle and are judged on both their spur technique and the horse's bucking performance.

## 03 BAREBACK RIDING — CHAMPIONSHIP

A high-impact roughstock event. Riders compete without a saddle, using a rigging handle while maintaining control and proper marking throughout the ride.

## 04 BARREL RACING — HEADLINE

A timed race around a three-barrel cloverleaf pattern. Fastest clean time wins, with time penalties applied for knocked barrels.

# CHAMPIONSHIP EVENTS

The remaining core disciplines complete the official FRC program.

### 05 STEER WRESTLING — CHAMPIONSHIP

A timed event in which the competitor leaves the box on horseback, catches the steer and brings it to the ground as quickly as possible.

### 06 TEAM ROPING — CHAMPIONSHIP

Two-person teams compete as Header and Heeler. The Header ropes the steer first, followed by the Heeler securing the hind legs. Fastest legal time wins.

### 07 TIE-DOWN ROPING — CHAMPIONSHIP

A timed roping event testing horsemanship, speed and control. The competitor ropes the calf, dismounts and completes the tie within the rules.
